Technical Details

EAN/GTIN	4010303160475
Country of origin	Germany
Region	Baden-Württemberg
Customs tariff number	8211920008
Length	0 mm
Blade length	160 mm
Weight	0 kg

Technical drawing

- ➔ Handle made of exquisite Thuja rootwood
- ➔ Scalloped edge

Handle

Tree of Life

The handle is also very special. "The handle plates are made of one of the finest rootwoods, the Thuja. Thuja, also known as the tree of life, is an extremely durable wood. Every handle is absolute unique. Due to the finest polishing processes, the wood has a velvety touch, the handle, therefore, is very comfortable and safe in the hand.

But beware! The knife is particularly sharp and should be used with the necessary respect. This special and valuable cooking knife should always be rinsed with care by hand and stored safely (out of the reach of children).

Cut

Scalloped edge

The scalloped edge ensures better incision. The blade slides through each cut with less friction. This enables fatigue-free work and protects the cutting edge.
